

## SILVER CREEK PRESERVE

### WATERFOWL HUNTING REGULATIONS

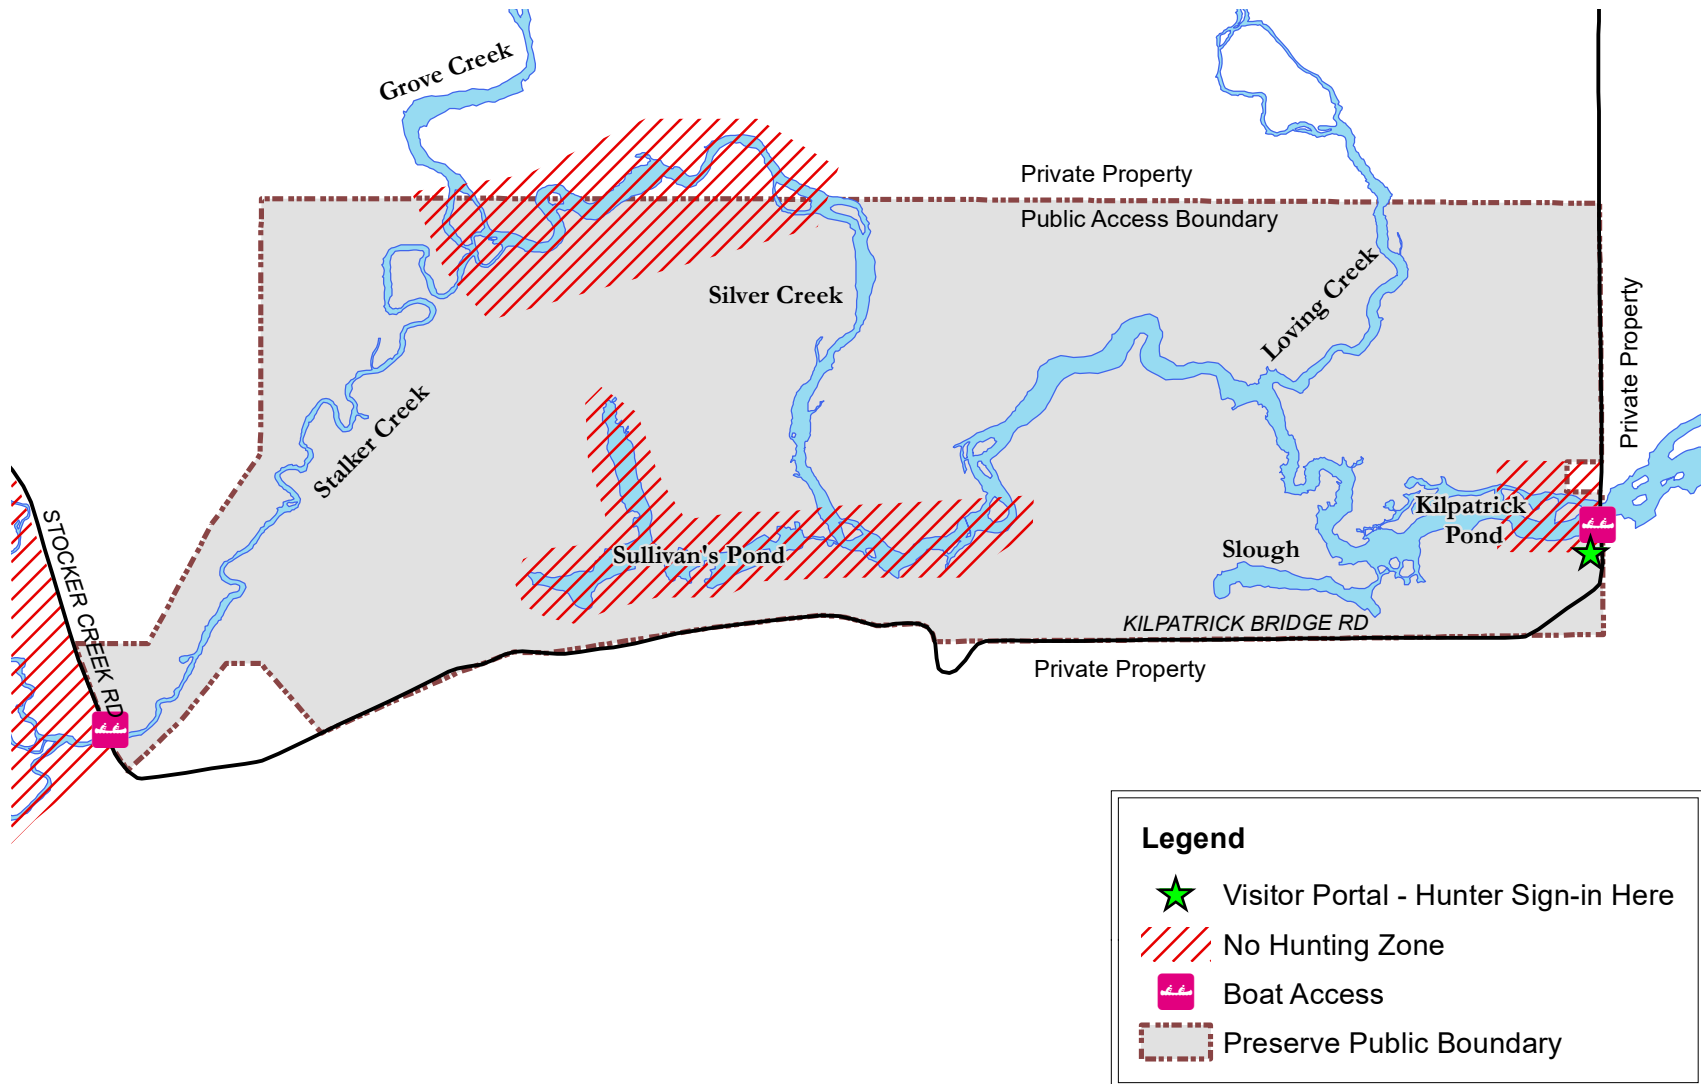

(No other hunting is permitted)

**NOTE:** FAILURE TO ABIDE BY THESE REGULATIONS MAY RESULT IN TRESPASSING CHARGES AS PER IDAHO CODE §36-1603. IT IS UNLAWFUL TO HUNT ON PRIVATE LANDS WITHOUT PERMISSION. THE NATURE CONSERVANCY GRANTS PERMISSION ONLY TO THOSE HUNTERS THAT ABIDE BY THE FOLLOWING:

1. Hunting is allowed on Wednesdays, Saturdays, and Sundays only, during shooting hours – see Idaho Fish & Game Hunting Regulations for specific times.
2. You must sign in at the Kilpatrick Bridge kiosk **BEFORE** entering the preserve to hunt. This secures your right to trespass for retrieving waterfowl.
3. Hunter access at the Preserve is allowed by **BOAT/CANOE ONLY**. Boat access points are located at the Kilpatrick and Stalker Creek bridges.
4. Hunting on foot or jump shooting is prohibited.
5. **YOU CANNOT WALK ON PRESERVE PROPERTY WITH YOUR GUN.** When retrieving waterfowl, hunters must leave their guns at their boats.
6. Shooting is allowed only from within the high-water lines and/or the immediate shoreline of creeks and islands **outside the posted NO HUNTING ZONES. See map next page.**
7. Sullivan Lake and Stalker Creek above the Stalker Creek bridge are **CLOSED** to hunting.
8. Dogs are permitted only for retrieving waterfowl. Free ranging dogs are **NOT** permitted.
9. Pack out your spent shells and trash. Please be a good steward to the land.
10. The Nature Conservancy is not responsible for injuries sustained by any person who uses its land for hunting or recreational purposes.
11. Observe all Idaho Fish and Game laws. Officers will be patrolling the preserve. Preserve staff will also be patrolling daily to ensure compliance with preserve regulations.
12. Use extreme caution at all times. Remember that other hunters and non-hunters (anglers, canoers, birders, etc.) will be using the Preserve too.

Please call **208-788-7910** and leave a message with any questions.
